NUTRI LAY LAATFASE / LATE PHASE

**VOLLEDIGE LÊ /
COMPLETE LAYER****NUTRI FEEDS****KLAS: VOLLEDIGE LÊVOEDSEL**

Die produk word aanbeveel vir gebruik vir hennes ouer as 60 weke. Die laer produkkoste, wat aan die hennes se voedingsbehoefes in die laat stadium van die produksie voldoen, maak dit die ideale produk om te gebruik wanneer die eierprys tot voerkoste verhouding dit regverdig om hennes langer te hou.

CLASS: COMPLETE LAYING FEED

This product is recommended for use after 60 weeks of age. Sometimes the egg-price-to-feeding-costs ratio or a shortage of point-of-lay pullets justifies keeping hens for longer than 65 weeks. The lower feeding costs of the product, as well as the fact that the product meets the nutrient requirements of the hen during the late stage of the production, make this the ideal product to use in such situations.

VOERPROGRAM**FEED INSTRUCTION**

Voer Vorm	Meel	Mash	Feed Form
Dae	Henne ouer as 60 weke	Hens older than 60 weeks	Days
Inname (g/kuiken)	ad lib.	ad lib.	Intake (g/chick)

SAMESTELLING**(g/kg)****COMPOSITION**

Proteïen (min)	130	Protein (min)
Totale Lisien (min)	5	Total Lysine (min)
Vog (maks)	120	Moisture (max)
Vet (min)	25	Fat (min)
