

(V 14996; NFF 1132)

NUTRI TUB FOSFOR / PHOSPHATE

KLAS: MINERALE EN SPOORMINERALE SUPPLEMENT VIR HERKOUERS

Nutri Tub Fosfor is 'n effektiewe en gerieflike produk ten einde makrominerale (Ca en P) op gebrekkige somerweiding aan te vul.

Dit verskaf verder spoorminerale wat nodig is vir die groeiende diere se ontwikkeling of vir die bevordering van produksie en reproduksie van die volwasse dier.

CLASS: MINERAL AND TRACE MINERAL SUPPLEMENT FOR RUMINANTS

Nutri Tub Phosphate is an effective and convenient product to supplement macro minerals (Ca and P) on deficient summer grazing.

It furthermore provides trace minerals that are essential to the development of growing animals or to promote the production and reproduction of the adult animal.
